

MARYJANESFARM®

Country Club

A PIECE OF MY FARM
FOR YOUR VERY OWN

Although it's been a few years since we've actively invited guests to join our MaryJanesFarm Country Club, we've left our brochure here for you to borrow from for doing likewise on your farm. In our experience, it was an A+ plus endeavor and our members loved every aspect of it but as our farm took on new projects over time, we had to table a few along the way and our country club idea was one of them.

Welcome Welcome...

MaryJanesFarm would like to invite you to satiate your "let's buy a farm" fantasy now. By becoming a member of our "exclusive" one-of-a-kind Country Club, you'll enjoy the bounty of owning your own farm, but without the workload or the worry.

Membership Includes:

- Access to the farm from dawn to dusk seven days per week.
- U-pick fruits and vegetables at market price (self-serve).
- 10% discount on Bed & Breakfast farmstays.

Costs & Schedule:

MaryJanesFarm Country Club is open throughout our growing season, June 1 – September 30. Your \$100 seasonal membership, which covers your entire household and even your out-of-town visitors, buys you a "key to the farm." Then you'll simply "pay as you pick," self-serve. Prices will be posted in an outdoor pavillion, and containers and tools will be provided.

The Club

Our Country Club season begins June 1 and ends October 30. Your membership includes an entrance sticker for your car and a training session on tool use and farm etiquette. With your sticker, you'll be given a "key to the farm" seven days a week from dawn to dusk. Then choose from:
